

OrbiPlate™

Applecross Senior High School, WA.

The Project

OrbiPlate was specified by design engineers to connect concrete spandrel facade panels.

OrbiPlate™

Applecross Senior High School, WA.

OrbiPlate™

The patented OrbiPlate™ system delivers connection tolerances of 20mm in any direction to position the main structural M20 bolt. It is comprised of an 80mm main circular washer with an elongated slot surrounded by serrated teeth that provide the effective mechanical lock with a secondary, smaller washer used to position the main structural M20 bolt as required.
